Dear (brother) Moran,

We wish to thank you for organizing and coordinating the “Experience Israel 2008” Tour. We have many fond memories and a greater understanding of life in the Holy Land – from ancient days to contemporary times of struggle with Israel’s enemies.

It was, indeed, an excellent “Experience Israel” tour – beyond visiting the usual tourist sites seen on most tours of the Holy Land. The whole trip was well conceived and coordinated. Long before boarding the plane, we were provided relevant reading material and pre-trip meetings to help tour participants benefit from the unforgettable journey. We were met on the day of departure by Chris and Jan Suitt who facilitated the group check-in process and accompanied us, and then upon arrival were personally greeted by you to smoothly direct us through the terminal and onto the waiting bus.

Each day was full and rewarding. We experienced many different cultures within Israel, met believers and non-believers, and families of war victims. We experienced pain with grieving Israeli families, and with other families we were blessed by love and friendship as they accepted us into their homes to share meals, stories, or a Shabbat dinner.

Of course, we enjoyed the usual Holy Land sites around Jerusalem, Masada, Nazareth, Sea of Galilee, Dan, Caesarea, etc. where excellent teachings and messages were provided by you and Chris and the excellent guide provided by Ansalem (Tourist Service). We also gained an understanding of recent Jewish history through visits to the Independence Hall, Holocaust Museum, and Golan Heights. It was truly a remarkable and unforgettable journey. Every believer and friend of Israel should enjoy such a pilgrimage.

We wish you continuing success and opportunities to bless Israelis and Christians alike. “Next year, Jerusalem.”

Shalom,

Jerry and Cheryl Eastman
